## Call Police In Phantom Hold-up

### It Was Hallowe'en; A Late Hour; The Women Were Alone.

It seems that last Wednesday night a super-charged automobile containing several phantom bandits attempted to hold up a group of women returning home from a meeting of one of the Mt. Prospect organization, but quick wits plus calm and collected judgment—on the part of the intended victims—routed the ill-intended gentlemen without gain.

According to the story as related to police, one of the late-comers home was just being left out of the car at her home when the "Phantom Car" bore down on them at a terrific pace and among screeching brakes apparently intended to hold up the group. But a voice from the back seat called to the party just emerging from the car to get back in and with a shift into second, and a mighty jab on the accelerator the car sped away, with the "bandit car" in pursuit. After turning many corners—going up one side street after another and cutting across vacant prairies, they were finally able to shake their pursuers. In the meantime all of the women occupants of the car had entirely stripped themselves of all jewelry and realizing that a larger force of police would be needed to round up this gang of robbers, than our local force could provide—headed for Des Plaines.

After giving the Des Plaines police a detailed description of the occupants of the "bandit car" and warning our local Chief of Police to be on the look out for the robbers—the women started back for Mt. Prospect under the escort and protection of the Des Plaines police. They were met at the outskirts of town by the local police force, but a careful check of all the streets till the wee hours of the morning failed to locate the marauders.

The next day after checking the missing persons bureau and talking it over between themselves, the ladies found that what really happened was that one of the women had taken another group home and had just discharged one of her passengers when she saw another car of women from the same meeting parked in front of a home a short distance away. Remembering something she wanted to tell one of the women in the other car, she hurriedly drove over to them and was just going to talk to the occupants of the other car when it skooted away with a jerk and a jump that made conversation impossible. The events that followed, as recited above, were just the result of darkness—or sumpin'.

## U.S. To Take Census Of Unemployed

### Mayors Asked To Ap- point Committees To Help Postal Authorities.

A national census of the unemployed and the partly employed is to be taken.

In a letter this week to Mayor Flentie of Arlington Heights, John D. Bigger, Administrator of the Unemployment Census at Washington, asked for support and cooperation in determining an accurate count of the unemployed.

Decreed by Congress and outlined by President Roosevelt, the census is expected to result in the presentation of a true picture of conditions throughout the country. It is undertaken for the purpose of aiding Washington in finding out about and combating the number of the country's unemployed.

The census is to be conducted through the facilities of the Post-office Department by the distribution of blanks to all homes on November 16 and 17. The unemployed and partly unemployed are expected to fill out these blanks and return them to the Postmaster by midnight of November 20. After this has been done, Postoffice representatives will conduct further checks in order that there may be no duplication.

This method of conducting a census will relieve the government of the great expense necessary in one taken through the regular channels. It also avoids the embarrassment of a compulsory census. The government is appealing to the "Mayors' Committees," representatives of the varied interests of the community, to cooperate with the Postmaster and with the national organization in the conduct of the census.

It is suggested that this committee be composed of representatives of labor, business, newspapers, schools, religious groups, Red Cross association and any other outstanding groups. The Postmaster would be an ex-officio member of the committee. The purpose of this committee is to afford an agency through which the community can assist the Postoffice.

Mrs. Emma Clausen, Central road, who was operated upon at the Oak Park hospital, Thursday, is improving nicely.

## Children Put On Costumes In P. T. A. Hallowe'en Parade

The parents, teachers and children of the Arlington Heights theatre and the police department of Arlington Heights, all cooperated splendidly in making the Hallowe'en parade sponsored by the Arlington Heights Parent-Teacher association an outstanding success.

Every child to the last one, came to school Friday afternoon, dressed in some sort of a costume, ready to march in the parade.

Promp at 2:30 the children of each school started their march and met at the corner of Campbell and Vail, led by the Arlington Heights police and four drummers, where they were viewed for the first time by the Judges, who were Mrs. W. Godknecht of Palatine, Mrs. L. J. Inkster of Palatine, Mrs. J. J. Hohman of Mt. Prospect. From there they marched east on Campbell to Evergreen and north on Evergreen to the Theatre. They were met by the judges at the theatre and the prize winners chosen. The judges found the task all but impossible, and remarked many times about the number of clever and original costumes, but selections had to be made and prizes were awarded to the following children. Lower grade girls, funniest, Dawn Niemeyer; most original, Anne Volz; most artistic, Patty Boyles. Lower grade boys, funniest, Robert Blackburn; most original, Elroy Wilke; most artistic, Richard Coughlin. Upper grade girls, funniest, Aileen Thomas; most original, Carolyn Neubauer and most artistic, Dolores Bernard. Upper grade boys, funniest, Billy Williams; most original, Edward Magnus and most artistic, Bill Baker.

Grand prizes were awarded to Robert Heller, who came dressed as a monkey, for the funniest, Betty Lou Wilson, who was dressed in an old fashioned costume, the most artistic, and Rose Mary Heller, who, as the organ grinder man for her brother, the monkey, the most original.

The children enjoyed watching a magician and each was given a big red apple as they left the theatre. The line of march was well followed, by parents, who found it difficult to recognize their own children.

It was a very splendid undertaking and has proven itself successful, because of the whole hearted support it received from the parents and the fine cooperation of the children while on the streets and the generosity of Mr. Lynk in loaning the theatre for the entertainment. We hope it is repeated next year.

## Open House At South Side School Monday Evening

The Board of Education and the faculty of the Arlington Heights public schools, District Number 25, are inviting the parents and friends of the schools to an open house at the South school on Monday evening, November 8, from 7:30-9:30 and at the North school on Tuesday evening, November 9, 7:30-9:30.

All teachers will be in their rooms at these hours for the purpose of meeting and consulting with the fathers and mothers of the room. Holding open house in the evening should make it possible for both parents to visit the school sometime during the evening.

## Application Blanks For 1938 Auto Licenses At Krause and Kehe

Application blanks for 1938 automobile licenses are available at Krause and Kehe, Arlington Heights. Those who desire to retain the same number as last year, must make application before December 1. Krause and Kehe are ready to give the same quick service they have offered in the past.

The new plates will be white numerals and letters on a green background.

## Lutheran Cagers To Play At Arlington Gym Saturday, Sunday

The Northwest Suburban Lutheran basketball league is opening its season at the Arlington Heights high school gym this week-end.

Des Plaines meets the Park Ridge team in the first game Saturday evening. Playing time is 7:45 p. m. Arlington Heights will play the Palatine five at 8:45.

Roselle and Itasca clash Sunday afternoon at 2:30 while Norwood Park and Glenview will meet immediately afterwards.

## Traffic Tragedy Of Sept. 11 Takes Third Victim

Forty-seven days after an accident in which one was killed outright and another succumbed three days later, a third victim died, having never regained consciousness.

Miss Velda Prautnick, school teacher at Barrington, died at her home Thursday of injuries received in an auto crash near Melrose Park, at Lake street and Wolf road, September 11. Raymond F. Gieseke of Barrington, escort of Miss Prautnick, met his death at the time of the accident. J. H. De Lap of Maywood, driver of the car, was fatally hurt, dying on September 14.

## No Accidents In 8 Weeks At Arlington

### All Is Well In Village Affairs But It Cost \$2- 427.32 Past Two Weeks.

It has been eight weeks since an auto accident has occurred in Arlington Heights (kindly knock on wood), so read a report made to the village board Monday night by the police department. The department did not ask for any credit for such a record, but the dollars of speeding autoists continue to be rung up in the cash register at the treasurer's office to the tune of nearly \$150 a week.

The collections for the past two weeks period is \$286 and the violations include speeding, stop lights, overloading, drunkenness, disorderly conduct, vehicle tag and business licenses.

Complimentary notices were sent to 74 people, purchasers of vehicle tags a year ago, who have not patronized that department this year. Investigation showed that 18 have moved out of town; 30 have chased tags costing them \$74.50 and there remain 26 to be heard from.

Payments on business licenses were \$104.50.

Alderman Goedke suggested that some plan be worked out whereby the duties of Ira Melbourne be more adequately determined. He reported that some business men were disposed to omit their usual patrol fee to Mr. Melbourne, giving as a reason that the officer is required in his village duties to be away from the business district.

At present the village pays \$50 a month to Melbourne and the balance of a \$132 salary is supposed to be paid by individual business men.

It was suggested during the discussion that perhaps the business men would prefer to pay a higher business license fee and allow the village to pay the entire salary of the officer.

Alderman Schenberger volunteered to bring the matter up before the business men's association.

To avoid a repetition of last winter's condition at the sewer outlet, Attorney Thal was instructed to ask the commissioners of Weller Creek Drainage district to remove obstructions of the ditch near the south end of Mt. Prospect. If not remedied the water and ice will again block up the outlet.

The police car can not be driven up to 100 miles an hour in an effort to catch speeders without unusual wear upon the tires; neither do the officers desire to risk their necks in driving a car at such a speed unless the rubber is in the best of condition. Three new tires were ordered. Three binders for the holding of registration cards were ordered purchased from Herman Melchior.

Vouchers were authorized drawn in favor of the Rock Road Construction Co. in the amount of \$6,100 from the gas tax fund, in payment of work on Douglas avenue.

While Surveyor Emmerson has failed to furnish the village with a plat of the old dumping ground, the village officials visited the place and reported that they had found a place where there are no tin cans and recommended that the park board be authorized to make such excavation it desired in order to secure needed dirt for the grading of the field house.

The park board will use hand WPA labor during the winter thereby earning credits for material from the government. The village will later fill the place excavated with other junk.

The September gas tax placed to the credit of the village by the state is \$829.44.

The county highway department is making repairs in South State road in an effort to eliminate the "smell" that has invaded all of the homes of that section of town for many months.

## Little German Band Entertains Lions Club

The Lions club were entertained Tuesday evening after dinner by the Little German Band, a group made up of local high school boys. Between numbers Mr. D. G. Costain, director of the band, gave an interesting talk on the difference in the various instruments and how they are played.

At the next meeting of the Lions club, the entertainment will consist of musical selections by ten members of the Arlington Heights high school band, who will play college songs and a talking picture presented by Mr. Gunderson of the Chicago Motor Club, "Horse Power and Horse Sense."

This safety picture will also be shown to the high school assembly in the afternoon, and to the P. T. A. after the Lion's program in the evening.

## Christmas Seal Sale To Start Thanksgiving Day

Supplies for the Thirty-first Sale of Christmas Seals have arrived at the Health Center. Work has begun on folding seals and letters. This mail sale will again be under the auspices of the Arlington Heights Public Health committee. This sale begins on Thanksgiving day and should not be confused with the Red Cross Membership Drive, which is conducted from Armistice Day until Thanksgiving.

## That Freight Depot Is Still An Unsolved Problem For Aldermen

The members of the Arlington Heights village board are still in a quandary over what to do about the old freight house that has been rented to the Lake-Cook Farm Supply.

Paul Taege, as building inspector, has found numerous reasons why it is not properly equipped for its present use.

August Becker, health commissioner finds that it is unsanitary. John P. Williams, an official of the C. & N. W. was in town one day last week, but the nature of his report to his company has not been revealed.

Attorney Thal visited the office of Supt. Campbell of the C. & N. W. R. R., but was unable to see him. Efforts to discuss the matter over the telephone have been unavailing. Fire Chief Geo. K. Volz also inspected the place and reported that some conditions exist that are not satisfactory.

The village of Arlington Heights does not want to go on record as being antagonistic to the farmer-owned firm that has rented the building, but the continued presence of a 60-year old structure in the center of the business district is not in harmony with a modernized business district.

Alderman Schenberger suggested as an alternative that a public subscription be taken up to build for the North Western railroad, a slightly freight depot of such proportion as needed to handle their freight business.

## New Lutheran Publication St. Peter's Visitor, To Appear Monthly

St. Peter Lutheran Church of Arlington Heights has initiated a new publication venture. The first issue of St. Peter's Visitor was published this week and will hereafter appear each month. It is a four-page periodical printed by H. C. Paddock Sons. Pastor Frickie is the editor and Mr. Ed. Radloff takes care of business matters.

This new publication owes its existence chiefly to the generosity of the business men who have cheerfully purchased advertising space. The Lutheran board of elders herewith express to these business men their real appreciation for their help in supporting a worthy cause and also encourage the readers to consider these establishments when they are purchasing articles carried by them. Because of this support of the community's merchants St. Peter's Visitor can be mailed free to all the members and friends of the congregation.

The new paper aims to stimulate and maintain an active interest in the program of the church on the part of the membership. It serves as a medium of contact with the church and its homes. As such it will carry messages by the pastors, announcements of services and other church events, news on the activities of the church societies, reports by the finance board, etc.

Preparing the mailing list for the first issue was a considerable task and it is possible that errors or omission have occurred. If any members have not received the paper or it has been addressed in error, kindly notify Mr. Ed. Radloff, 407 N. Pine Ave. Telephone 129-R.

## Red Cross Appeal Starts Nov. 11th

Each year, between Armistice day and Thanksgiving, the people of the United States are invited by their local Red Cross Chapters to join, and to renew their membership in the American Red Cross.

This calling of the Red Cross membership Roll is the opportunity for every citizen to answer "present" in the cause of humanity. The Red Cross belongs to the people. It is of, by and for them. Its service is in the name of all, and accorded to all when needed, regardless of race, creed or color.

Membership in the great Red Cross democracy of mercy and compassion democratically with in the reach of everyone. The membership dues enable an individual to participate for twelve months in the many and far-flung Red Cross services.

At no other time is the public asked to contribute to the year-round Red Cross program. Memberships received during the Roll Call make the regular Red Cross services possible. Funds raised for disaster relief are used only for that purpose. Without the Roll Call there would be, therefore, no Red Cross.

For the contributor and the nation, it is not the money alone, that counts. It is the spirit of the membership—the voluntary consecration of part of one's heart to service for the rest of mankind.

Be ready when a member of your local Red Cross Community committee calls at your door for your membership or contribution.

Remember—Armistice day to Thanksgiving day.

## Armistice Day

Face to the East! It seems a grim jest,

For this to honor the lads who "went West."

Face to the East! Stop the traffic and noise;

The moment is sacred, it belongs to the boys.

Face to the East; Banker, farmer and clerk,

Every rank, all conditions, stop both play and work!

Face to the East; This moment's for them,

Our gay laughing boys, who died, aye, like men.

Face to the East! and murmur a prayer,

For the lads who forever have gone "Over There."

Face to the East! While memory enwraps

Her dear arms around us. Now, Bugler, sound "taps."

From R. H. L., Tribune, 1929

## Last Week Of Conference Football

The last week-end of 1937 Northwest conference football will be staged this week. Four games are scheduled, each one having a direct bearing on the ultimate winner of the conference championship. The two top notch games are Friday's Warren-Leyden game, at Leyden, and the game Saturday between Lake Forest and Grant. If Warren can beat Leyden, and it is likely that they will, the worst they can do is tie for the championship. To stay in the running Lake Forest must still defeat both Grant, and Libertyville in the season's final Armistice day.

Arlington-Niles Center  
If Arlington can bounce back from their unexpected defeat last Saturday and win their season's final game, they will have more than lived up to expectations at the beginning of the season. Early in September even the most rabid Cardinal fans were not expecting a championship contender out of the green material available. The boys have learned rapidly and for the most part have played good ball. They are far from a polished, high-powered team, and could not be expected to be, due to their lack of previous experience.

While the unexpected may happen it would be one of the major upsets of the year if Niles Center downs the Cards this Saturday. Niles has had a disappointing season, due largely to their squad being hurt by injuries to some of their star performers. They have not shown near the class that Arlington has, but anything can happen in this old game of football as was demonstrated last Saturday.

Libertyville-Barrington  
While Barrington is not given much of a chance to down Libertyville's Wildcats, it still is not outside the realm of the possible that they may. They may never have a better chance for Libertyville is not in the best of condition after two gruelling games with Grant and Warren. On the other hand two of the best of the Barrington backs are also on the crippled list.

It is quite possible that the Armistice day game between Libertyville and Lake Forest will decide the 1937 conference championship.

## Arlington National Bank Installs Over 500 Safety Boxes

The Arlington Heights National Bank this week announces the installation of over 500 new modern safety deposit boxes.

The new boxes are the late Diebold type and are said to provide the best protective features. The boxes are twice the size of the old ones, the doors are much heavier and the locks are of heavier and better construction. An additional safety feature is that keys can be duplicated only by the Diebold company, through the local bank.

According to Arthur Franzen, cashier, the new boxes are greatly needed as the old ones were small, out of date and faulty in several ways.

The change was made in record time without the disturbance of a single customer.

## Business Men Also Pay Fines

### —AND THEY DO IT

### A Real Police Department, Showing Favors to None Is New Goal.

The "no fixing" of auto cases in Arlington Heights has now been extended to other branches of the Arlington Heights police courts. Judge Behrens fined a number of business men the past week \$5 and cost because they had neglected to take out 1937 business licenses. The fines were a severe shock to some of the men, who have heretofore thought that "business licenses" were something to talk about but which did not have to be paid. Such good old days are gone forever, as a number of men discovered when Judge Behrens escorted them from the court room into the treasurer's office and in addition to paying for the long neglected business license, amounting to \$10, they also had to pay \$7 penalty.

The elimination of "fixes" in auto cases is now being universally recognized by the motoring public and the politicians, who just don't try any more.

One judge was called upon to fine a relative the other day and rather than break his record of no dismissals, he paid the fine out of his own pocket.

November 15 Deadline

The Herald has been asked by the police department to warn business men and others subject to business licenses that November 15 is the absolute deadline for payment of such fee and every person who has not paid prior to that time be served with a summons.

Check Vehicle Tags

If you purchased a 1937 state license, reside in Arlington Heights, and have not taken out a vehicle tag, you are bound to be discovered. A group of girls are working upon a project of listing every such automobile owner in Arlington Heights. Their work will be completed by November 15. All who have not taken out the required license by that time will be served with a summons.

## Another Northside "Cemetery" Suggestion

A reader offers this suggestion for use of the four stones that guard the location of the former water tower.

"There are residents who have had trouble preserving intact the house numbers that have been placed upon their curbs. Let the village offer to donate, for the taking, any one of the above four stones, guaranteeing that when once placed, no Hallowe'eners would molest them."

## Arlington Alderman Arrested On Birthday; Too Much Noise

Alderman Al Adams, of Arlington Heights had a birthday last Saturday and his friends made it a memorable one—even to the calling of the police department. The alderman thought it was to be just an ordinary birthday party for the 35 guests with cards for certain guests. The guests, who included Alderman Al Goedke, decided to take a hand in the program and forcibly dressed Al up in Hallowe'en costume. Al, himself, can make a lot of noise and with 35 people in he gang Alderman Goedke decided that the job was too big for him to handle and he called the police, who arrested Mr. Adams, placing him into the custody of his colleague, Alderman Goedke. Mr. Adams says that he is waiting to get even, but admits that when there are two A's in the same house and both of them are aldermen, almost anything can happen.

## IN RIO GRANDE VALLEY

Brownsville, Tex., Nov. 5—Mr. and Mrs. Henry A. J. McElhose of Arlington Heights are spending the winter in the Lower Rio Grande Valley at Brownsville enjoying the semi-tropical winter weather in this popular new resort on the Gulf of Mexico.

McElhose, an amateur entomologist, is finding many new specimens for his already large collection.

## "I Will! I Won't!" Senior Walther League Play

Do you need cheering up? Do you want to spend an enjoyable evening at a small expense? Do you want to be royally entertained and go home with a feeling of contentment? Then come and see the Senior Walther League play, "I Will! I Won't!" at the Lutheran school hall Nov. 16 and 17.

Do you like humor in a play? Then come and see this play. Do you like drama in a play? This is the play to see. Do you like a combination of both? Then don't miss seeing this play, or you will regret it for years to come.

The scene of the play is the dormitory at Brainerd College, a girls school. The plot deals with the efforts of one student to skip classes and school by the use of a double. But this causes many complications and ah, what complications. You must see the play to find out how the student manages to extricate herself from this predicament.

Tickets may be purchased from the cast or any member of the Walther League will be glad to get them for you. Tickets may also be purchased at the G. H. Wilke Jewelry store.

## Armistice Program Next Thursday

Under the auspices of Merle Guild post of the American Legion, fitting exercises and an Americanization program will be given at the Arlington Heights high school next Thursday. At eleven o'clock sharp a short ceremony will be held at the high school flag pole, including the sounding of taps and the firing of a salute, while all face the east.

The Americanization program will be given in the auditorium and will be attended by all the high school pupils. The balcony will be open to the general public. Short talks will be given.

## U.S. To Take Census Of Unemployed

### Mayors Asked To Ap- point Committees To Help Postal Authorities.

A national census of the unemployed and the partly employed is to be taken.

In a letter this week to Mayor Flentie of Arlington Heights, John D. Biggers, Administrator of the Unemployment Census at Washington, asked for support and cooperation in determining an accurate count of the unemployed.

Decreed by Congress and outlined by President Roosevelt, the census is expected to result in the presentation of a true picture of conditions throughout the country. It is undertaken for the purpose of aiding Washington in finding out about and combating the number of the country's unemployed.

The census is to be conducted through the facilities of the Post-office Department by the distribution of blanks to all homes on November 16 and 17. The unemployed and partly unemployed are expected to fill out these blanks and return them to the Postmaster by midnight of November 20. After this has been done, Postoffice representatives will conduct further checks in order that there may be no duplication.

This method of conducting a census will relieve the government of the great expense necessary in one taken through the regular channels. It also avoids the embarrassment of a compulsory census. The government is appealing to the "Mayors' Committees," representatives of the varied interests of the community, to cooperate with the Postmaster and with the national organization in the conduct of the census.

It is suggested that this committee be composed of representatives of labor, business, newspapers, schools, religious groups, the Red Cross association and any other outstanding groups. The Postmaster would be an ex-officio member of the committee. The purpose of this Committee is to afford an agency through which the community can assist the Postoffice.

Mrs. Emma Clausen, Central road, who was operated upon at the Oak Park hospital, Thursday, is improving nicely.

## Children Put On Costumes In P. T. A. Hallowe'en Parade

The parents, teachers and children of Mr. Oliver Lynk, manager of the Arlington Heights theatre and the police department of Arlington Heights, all cooperated splendidly in making the Hallowe'en parade sponsored by the Arlington Heights Parent-Teacher association an outstanding success.

Every child to the last one, came to school Friday afternoon, dressed in some sort of a costume, ready to march in the parade.

Promptly at 2:30 the children of each school started their march and met at the corner of Campbell and Vail, led by the Arlington Heights police and four drummers, where they were viewed for the first time by the judges, who were Mrs. W. Goddard, of Palatine, Mrs. L. Inkster of Palatine and Mrs. J. J. Hohman of Mt. Prospect. From there they marched east on Campbell to Evergreen and north on Evergreen to the Theatre. They were met by the judges at the theatre and the prize winners chosen. The judges found the task all but impossible, and remarked many times about the number of clever and original costumes, but selections had to be made and prizes were awarded to the following children. Lower grade girls, funniest, Dawn Niemeyer; most original, Anne Volz; most artistic, Patty Boyles. Lower grade boys, funniest, Robert Blackburn; most original, Elroy Wilke; most artistic, Richard Coughlin. Upper grade girls, funniest, Aileen Thomas; most original, Carolyn Neubauer and most artistic, Dolores Bernard. Upper grade boys, funniest, Billy Williams; most original, Edward Magnus and most artistic, Bill Baker.

Grand prizes were awarded to Robert Heller, who came dressed as a monkey, for the funniest, Betty Lou Wilson, who was dressed in an old fashioned costume, the most artistic, and Rose Mary Heller, who, as the organ grinder man for her brother, the monkey, the most original.

The children enjoyed watching a magician and each was given a big red apple as they left the theatre. The line of march was well followed, by parents, who found it difficult to recognize their own children.

It was a very splendid undertaking and has proven itself successful, because of the wholehearted support it received from the parents who helped their children prepare costumes and the fine cooperation it received from the police department who took such good care of the children while on the streets and the generosity of Mr. Lynk in loaning the theatre for the entertainment. We hope it is repeated next year.

## Open House At South Side School Monday Evening

The Board of Education and the faculty of the Arlington Heights public schools, District Number 25, are inviting the parents and friends of the schools to an open house at the South side school on Monday evening, November 8, from 7:30-9:30 and at the North school on Tuesday evening, November 9, 7:30-9:30.

All teachers will be in their rooms at those hours for the purpose of meeting and consulting with the fathers and mothers of the room. Holding open house in the evening should make it possible for both parents to visit the school sometime during the evening.

## Application Blanks For 1938 Auto Licenses At Krause and Kehe

The new plates will be white numerals and letters on a green background.

## Traffic Tragedy Of Sept. 11 Takes Third Victim

Forty-seven days after an accident in which one was killed outright and another succumbed three days later, a third victim died, having never regained consciousness.

Miss Velda Frautnik, school teacher at Barrington, died at her home Thursday of injuries received in an auto crash near Melrose Park at Lake street and Wolf road, September 11. Raymond F. Gieseko of Barrington, escort of Miss Frautnik, met his death at the time of the accident. J. H. De Lap of Maywood, driver of the car, was fatally hurt, dying on September 14.

## No Accidents In 8 Weeks At Arlington

### All Is Well In Village Affairs But It Cost \$2- 427.32 Past Two Weeks.

It has been eight weeks since an auto accident has occurred in Arlington Heights (kindly knock on wood), so read a report made to the village board Monday night by the police department. The department did not ask for any credit for such a record, but the dollars of speeding autoists continue to be rung up in the cash register at the treasurer's office to the tune of nearly \$150 a week.

The collections for the past two weeks period is \$286 and the violations include speeding, stop lights, overloading, drunkenness, disorderly conduct, vehicle tag and business licenses.

Complimentary notices were sent to 74 people, purchasers of vehicle tags a year ago, who have not patronized that department this year. Investigation showed that 18 have moved out of town; 30 have purchased tags costing them \$74.50 and there remain 26 to be heard from.

Payments on business licenses were \$104.50. Alderman Goedke suggested that some plan be worked out whereby the duties of Ira Melbourne be more adequately determined. He reported that some business men were disposed to omit their usual patrol fee to Mr. Melbourne, giving as a reason that the officer is required in his village duties to be away from the business district.

At present the village pays \$50 a month to Melbourne and the balance of a \$132 salary is supposed to be paid by individual business men.

It was suggested during the discussion that perhaps the business men would prefer to pay a higher business license fee and allow the village to pay the entire salary of the officer.

Alderman Schneberger volunteered to bring the matter up before the business men's association. To avoid a repetition of last winter's condition at the sewer outlet, Attorney Thal was instructed to ask the commissioners of Weller Creek Drainage district to remove obstructions of the ditch near the south end of Mt. Prospect. If not remedied the water and ice will again block up the outlet.

The police car can not be driven up to 100 miles an hour in an effort to catch speeders without unusual wear upon the tires; neither do the officers desire to risk their necks in driving a car at such a speed unless the rubber is in the best of condition. Three new tires were ordered. Three binders for the holding of registration cards were ordered purchased from Herman McElhose.

Vouchers were authorized drawn in favor of the Rock Road Construction Co. in the amount of \$6,100 from the gas tax fund, in payment of work on Douglas avenue.

While Surveyor Emerson has failed to furnish the village with a plat of the old dumping ground, the village officials visited the place and reported that they had found a place where there are no tin cans and recommended that the park board be authorized to make such excavation it desired in order to secure needed dirt for the grading of the field house.

The park board will use hand WPA labor during the winter thereby keeping the men employed and thereby earning credits for material from the government. The village will later fill the place excavated with other junk.

The September gas tax placed to the credit of the village by the state is \$829.44.

The county highway department is making repairs in South State road in an effort to eliminate the "smell" that has invaded all of the homes of that section of town for many months.

## Little German Band Entertains Lions Club

The Lions club were entertained Tuesday evening after dinner by the Little German Band, a group made up of local high school boys.

Between numbers Mr. D. G. Costant, director of the band, gave an interesting talk on the difference in the various instruments and how they are played.

At the next meeting of the Lions club, the entertainment will consist of musical selections by ten members of the Arlington Heights high school band, who will play college songs and a talking picture presented by Mr. Gunderson of the Chicago Motor Club, "Horse Power and Horse Sense."

This safety picture will also be shown to the high school assembly in the afternoon, and to the P. T. A. after the Lion's program in the evening.

## Christmas Seal Sale To Start Thanksgiving Day

Supplies for the Thirty-first Sale of Christmas Seals have arrived at the Health Center. Work has begun on folding seals and letters. This mail sale will again be under the auspices of the Arlington Heights Public Health committee.

This sale begins on Thanksgiving day and should not be confused with the Red Cross Membership Drive, which is conducted from Armistice Day until Thanksgiving.

## That Freight Depot Is Still An Unsolved Problem For Aldermen

The members of the Arlington Heights village board are still in a quandary over what to do about the old freight house that has been rented to the Lake-Cook Farm Supply.

Paul Taege, as building inspector, has found numerous reasons why it is not properly equipped for its present use.

August Becker, health commissioner finds that it is unsanitary. John P. Williams, an official of the C. & N. W. was in town one day last week, but the nature of his report to his company has not been revealed.

Attorney Thal visited the office of Supt. Campbell of the C. & N. W. R. R. but was unable to see him. Efforts to discuss the matter over the telephone have been unavailing. Fire Chief Geo. K. Volz also inspected the place and reported that some conditions exist that are not satisfactory.

The village of Arlington Heights does not want to go on record as being antagonistic to the farmer-owned firm that has rented the building, but the continued presence of a 60-year old structure in the center of the business district is not in harmony with a modernized business district.

Alderman Schneberger suggested as an alternative that a public subscription be taken up to build for the North Western railroad, a slightly freight depot of such proportion as needed to handle their freight business.

## New Lutheran Publication St. Peter's Visitor, To Appear Monthly

St. Peter Lutheran Church of Arlington Heights has initiated a new publication venture. The first issue of St. Peter's Visitor was published this week and will hereafter appear each month. It is a four-page periodical printed by H. C. Paddock Sons and Editor Fricks is the editor and Mr. Ed. Radloff takes care of business matters.

This new publication owes its existence chiefly to the generosity of the business men who have cheerfully purchased advertising space. The Lutheran board of elders herewith express to these business men their real appreciation for their fine support of a worthy cause and also encourage the readers to consider these establishments when they are purchasing articles carried by them. Because of this support of the community's merchants St. Peter's Visitor can be mailed free to all the members and friends of the congregation.

The new paper aims to stimulate and maintain an active interest in the program of the church on the part of the membership. It serves as a medium of contact with the church and its homes. As such it will carry messages by the pastors, announcements of services and other church events, news of the activities of the church societies, reports by the finance board, etc.

Preparing the mailing list for the first issue was a considerable task and it is possible that errors or omission have occurred. If any members have not received the paper or it has been addressed incorrectly, kindly notify Mr. Ed. Radloff, 407 N. Pine Ave. Telephone 129-R.

## Red Cross Appeal Starts Nov. 11th

Each year, between Armistice day and Thanksgiving, the people of the United States are invited by their local Red Cross Chapters to join, and to renew their membership in the American Red Cross.

This calling of the Red Cross membership Roll is the opportunity for every citizen to answer "present" in the cause of humanity. The Red Cross belongs to the people. It is of, by, and for them. Its service is in the name of all, and accorded to all when needed, regardless of race, creed or color.

Membership in the great Red Cross democracy of mercy and compassion is democratically within the reach of everyone. The membership dues enable an individual to participate for twelve months in the many and far-flung Red Cross services.

At no other time is the public asked to contribute to the year-round Red Cross program. Memberships received during the Roll Call make the regular Red Cross services possible. Funds raised for disaster relief are used only for that purpose. Without the Roll Call there would be, therefore, no Red Cross.

For the contributor and the nation, it is not the money alone, that counts. It is the spirit of the membership—the voluntary consecration of part of one's heart to service for the rest of mankind.

Be ready when a member of your local Red Cross Community committee calls at your door for your membership or contribution.

Remember—Armistice day to Thanksgiving day.

## Armistice Day

Face to the East! It seems a grim jest,

For this to honor the lads who "went West."

Face to the East! Stop the traffic and noise;

The moment is sacred, it belongs to the boys.

Face to the East; Banker, farmer and clerk,

Every rank, all conditions, stop both play and work!

Face to the East; This moment's for them,

Our gay laughing boys, who died, aye, like men.

Face to the East! and murmur a prayer,

For the lads who forever have gone "Over There."

Face to the East! While memory enwraps

Her dear arms around us. Now, Bugler, sound "taps."

From R. H. L., Tribune, 1929

## Last Week Of Conference Football

The last week-end of 1937 North-west conference football will be staged this week. Four games are scheduled, each one having a direct bearing on the ultimate winner of the conference championship. The two top notch games are Friday's Warren-Leyden game at Leyden, and the game Saturday between Lake Forest and Grant. If Warren can beat Leyden, and it is likely they will, the worst they can do is tie for the championship. To stay in the running Lake Forest must still defeat both Grant and Libertyville in the season's final Armistice day.

Arlington-Niles Center  
If Arlington can bounce back from their unexpected defeat last Saturday and win their season's final game, they will have more than lived up to expectations at the beginning of the season. Early in September even the most rabid Cardinal fans were not expecting a championship contender out of the green material available. The boys have learned rapidly and for the most part have played good ball. They are far from a polished, high-powered team, and could not be expected to be, due to their lack of previous experience.

While the unexpected may happen it would be one of the major upsets of the year if Niles Center downs the Cards this Saturday. Niles has had a disappointing season, due largely to their squad being hurt by injuries to some of their star performers. They have not shown near the class that Arlington has, but anything can happen in this old game of football as was demonstrated last Saturday.

Libertyville-Barrington  
While Barrington is not given much of a chance to down Libertyville's Wildcats, it still is not outside the realm of the possible that they may. They may never have a better chance for Libertyville is not in the best of condition after two gruelling games with Grant and Warren. On the other hand two of the best of the Barrington backs are also on the crippled list.

It is quite possible that the Armistice day game between Libertyville and Lake Forest will decide the 1937 conference championship.

## Arlington National Bank Installs Over 500 Safety Boxes

The Arlington Heights National Bank this week announces the installation of over 500 new modern safety deposit boxes.

The new boxes are the late Diebold type and are said to provide the best protective features. The boxes are twice the size of the old ones, the doors are much heavier and the locks are of heavier and better construction. An additional feature is that they can be duplicated only by the Diebold company, through the local bank.

According to Arthur Franzen, cashier, the new boxes are greatly needed as the old ones were small, out of date and faulty in several ways.

The change was made in record time without the disturbance of a single customer.

## Business Men Also Pay Fines

### —AND THEY DO IT

## A Real Police Department, Showing Favors to None Is New Goal.

The "no fixing" of auto cases in Arlington Heights has now been extended to other branches of the Arlington Heights police courts. Judge Behrens fined a number of business men the past week \$5 and cost because they had neglected to take out 1937 business licenses. The fines were a severe shock to some of the men, who have heretofore thought that "business licenses" were something to talk about but which did not have to be paid. Such good old days are gone forever, as a number of men discovered when Judge Behrens escorted them from the court room into the treasurer's office and in addition to paying for the long neglected business license, amounting to \$10, they also had to pay \$7 penalty.

The elimination of "fixes" in auto cases is now being universally recognized by the motoring public and the politicians, who just don't try any more.

One judge was called upon to fine a relative the other day and rather than break his record of no dismissals, he paid the fine out of his own pocket.

November 15 Deadline

The Herald has been asked by the police department to warn business men and others subject to business licenses that November 15 is the absolute deadline for payment of such fee and every person who has not paid prior to that time be served with a summons.

Check Vehicle Tags  
If you purchased a 1937 state license, reside in Arlington Heights, and have not taken out a village vehicle tag, you are bound to be discovered. A group of girls are working upon a project of listing every such automobile owner in Arlington Heights. Their work will be completed by November 15. All who have not taken out the required license by that time will be served with a summons.

## Another Northside "Cemetery" Suggestion

A reader offers this suggestion for use of the four stones that guard the location of the former water tower.

"There are residents who have had trouble preserving intact the house numbers that have been placed upon their curbs. Let the village offer to donate, for the taking, any one of the above four stones, guaranteeing that when once placed, no Hallowe'eners would molest them."

## Arlington Alderman Arrested On Birthday; Too Much Noise

Alderman Al Adams, of Arlington Heights had a birthday last Saturday and his friends made it a memorable one—even to the calling of the police department. The alderman thought it was to be just an ordinary birthday party for the 35 guests with cards for entertainment. The guests, who included Alderman Al Goedke, decided to take a hand in the program and forcibly gressed Al up in Hallowe'en costume. Al, himself, can make a lot of noise and with 35 people in he gang Alderman Goedke decided that the job was too big for him to handle and he called the police, who arrested Mr. Adams, placing him into the custody of his colleague, Alderman Goedke. Mr. Adams says that he is waiting to get even, but admits that when there are two AIs in the same house and both of them are aldermen, almost anything can happen.

## IN RIO GRANDE VALLEY

Brownsville, Tex., Nov. 5—Mr. and Mrs. Henry A. J. McElhose of Arlington Heights are spending the winter in the Lower Rio Grande Valley at Brownsville enjoying the semi-tropical winter weather in this popular new resort on the Gulf of Mexico.

McElhose, an amateur entomologist, is finding many new specimens for his already large collection.

## "I Will! I Won't!" Senior Waither League Play

Do you need cheering up? Do you want to spend an enjoyable evening at a small expense? Do you want to be royally entertained and go home with a feeling of contentment? Then come and see the Senior Waither League play, "I Will! I Won't!" at the Lutheran school hall Nov. 16 and 17.

Do you like humor in a play? Then come and see this play. Do you like drama in a play? This is the play to see. Do you like a combination of both? Then don't miss seeing this play, or you will regret it for years to come.

The scene of the play is the dormitory at Brainerd College, a girls school. The plot deals with the efforts of one student to skip classes and school by the use of a double. But this causes many complications and ah, what complications. You must see the play to find out how the student manages to extricate herself from this predicament.

Tickets may be purchased from the cast or any member of the Waither League will be glad to get them for you. Tickets may also be purchased at the G. H. Wilke Jewelry store.

## Armistice Program Next Thursday

Under the auspices of Merle Guild post of the American Legion, fitting exercises and an Americanization program will be given at the Arlington Heights high school next Thursday. At eleven o'clock sharp a short ceremony will be held at the high school flag pole, including the sounding of taps and the firing of a salute, while all face the east.

The Americanization program will be given in the auditorium and will be attended by all the high school pupils. The balcony will be open to the general public. Short talks will be given.

## Arlington Society and Club Events

### Woman's Club Hears Of Hollywood Glamour

The Arlington Heights Woman's Club enjoyed a program of unusual interest to women Wednesday, when they had the pleasure of hearing Chryse Coleman of Hollywood, magazine and newspaper feature writer and radio artist, lecture on "Behind The Scenes With Glamour Creation in Hollywood." She took a girl through the process of being "glamorized" for the movies and talked in a very charming and entertaining manner. She stressed particularly the value of a charming, well modulated voice, the importance of posture and walk and simple clothing.

She described several famous movie stars and named some humorous incidents pertaining to them. She summed up her talk in the words of a school girl who said, "Glamour is what you ain't got if the boys go out with your girl friend."

At the close of her talk, Miss Cunningham of Arlington Heights played violin solos accompanied on the piano by Mr. Anderson. The two club dates to keep in mind are the rummage sale to be held Saturday, November 6th and the Autumn dinner to be held next Wednesday, November 10, at the Methodist church.

#### Woman's Club Tour

Thirty members of the Arlington Heights Woman's club enjoyed the annual tour which this year was through the local factories, the Arlington Seating Co. and the Creamery Package Co. These proved very interesting indeed. From the local factories they motored to the "Tally Ho" tea room in Park Ridge for luncheon.

In the afternoon, they enjoyed a trip through the Park Ridge School for Girls and a splendid program prepared for their enjoyment by the girls of the school.

#### Woman's Club Autumn Dinner Next Wednesday

Plans are completed for the annual fall dinner of the Arlington Heights Woman's club. It will be

#### P. T. A. Safety Notes

From July, 1935 through June, 1937, a one year period, 2739 motor vehicle deaths were reported to the Illinois Division of Highways. This figure is the highest number for a one year period on record. 182 of those killed were children between the ages of 5 and 14 years and 2540 other children were injured. Many of these accidents were caused by children playing in the streets, dashing from behind parked cars, or hopping onto moving vehicles. Bicycle riders weaving in and out of traffic are becoming more numerous. Drivers must take heed of these actions, and for their own safety children must be taught to be more careful. The safety patrol

boys have gone on duty this week and it is hoped that better observance of pedestrian rules will be observed as well as careful driving on the part of motorists.

#### Room Mothers Tea Held In Forest Preserve

Mrs. Rex Volz, president of the Arlington Heights Parent-Teacher association, entertained the P. T. A. association room mothers and the teachers and members of the P. T. A. board at a very lovely autumn tea, in the forest preserve at Deer Grove, Monday afternoon. A fire was burning in each of the outdoor fire places at either end of the "shelter" and a large table attractively decorated with table cloths of crepe paper in autumn colors and a center piece of fall vegetables made the setting unusual, indeed.

Baskets of doughnuts and sandwiches and pitchers of cider, tea and coffee completed the appointments. The room mothers for this year are as follows: Kindergarten, Mrs. E. R. Williams; 1st grade north, Mrs. C. F. Grant; 2nd grade north, Mrs. Wm. L. Milligan; 3rd grade north, Mrs. Willard Pate; 4th grade north, Mrs. Marshall Pate; 5th grade north, Mrs. A. Schmidt; 6th grade north, Mrs. Paul Patrick; 7th grade north, Mrs. A. Fessler and Mrs. Paul Wood; 8th grade, Mrs. Wm. L. Dalrymple and Mrs. Homer Bowlin.

North school mother is Mrs. B. P. Helfers and South school mother, Mrs. Geo. Glow.

The following teachers attended the tea, Mrs. C. V. Baker, superintendent; Miss Selma Cunningham, Miss Lavinia Jansen, Miss Irene Laughlin, Miss Dorothy Sott, Mr. W. F. Vanderbeek, Miss Elsa Bearse, Miss Mildred Russell, Miss Irene Russell, Miss Martha Sap, Mrs. A. Walk, Mr. Melvin Anderson, Miss Martha Jackson, school nurse and Mrs. Oefelein school clerk.

#### Junior League Meet

The Junior League met Monday evening, Oct. 25, at the Lauterburg & Oehler club rooms for a business meeting and program. Plans were completed for their Jack Frost Frolic to be held Nov. 27.

At the close of the business meeting, three plays now running in Chicago were reviewed "You Can't Take It With You" was reviewed by Marcia Martens, "The Women" was reviewed by Alberta Meyer and "Brother Rat" was reviewed by Mrs. Harris.

#### Friendly Class Bazaar Nov. 17

The Friendly class bazaar will soon be coming, Nov. 17, being the date, so plan to save that day. A luncheon and dinner will be served as well as sale of articles. Food and aprons and all other kinds of fancy goods will be available, so plan to do a bit of Christmas shopping and avoid last minute rush.

#### P. T. A. Card Party Nov. 12

The Parent-Teacher association are planning to have a card party on Friday, Nov. 12, at the South School at 1:30. Dessert will be served and there will be door prizes and table prizes. Tickets are 35c and auction, contract and "500" and pinocchio will be enjoyed. Tickets can be secured from Mrs. C. L. Davis, chairman of the Ways and Means committee and the other members of the committee.

#### House Warming In New Home

Mr. and Mrs. Bryce Thomas are well settled in their new home out Arlington Park way and have the latch string out for their friends.

Saturday, Oct. 30, about sixty relatives and friends responded to invitation to "gather round". Those present from out of town were Mr. and Mrs. H. F. Bauman of Minonk; Mr. and Mrs. Henry Laeske of Grayslake and a number from Blue Island and Arlington Heights. Besides "just right" refreshments there were games, cards and dancing to the music of a concertina and guitar. In departing the guests wished many happy days for the Thomas family in their new home. They have three daughters and one son to keep them from getting lonesome.

### Woman's Club Hears Of Hollywood Glamour

The Arlington Heights Woman's Club enjoyed a program of unusual interest to women Wednesday, when they had the pleasure of hearing Chryse Coleman of Hollywood, magazine and newspaper feature writer and radio artist, lecture on Cinema Fashion and "Behind The Scenes With Glamor Creation in Hollywood." She took a girl through the process of being "glamorized" for the movies and talked in a very charming and entertaining manner. She stressed particularly the value of a charming, well modulated voice, the importance of posture and walk and simple clothing.

She described several famous movie stars and named some humorous incidents pertaining to them. She summed up her talk in the words of a school girl who said, "Glamor is what you aint got if the boys go out with your girl friend."

At the close of her talk, Miss Cunningham of Arlington Heights played violin solos accompanied on the piano by Mr. Anderson.

The two club dates to keep in mind are the rummage sale to be held Saturday, November 6th and the Autumn dinner to be held next Wednesday, November 10, at the Methodist church.

#### Woman's Club Tour

Thirty members of the Arlington Heights Woman's club enjoyed the annual tour which this year was through the local factories, the Arlington Seating Co. and the Creamery Packing Co. These proved very interesting indeed. From the local factories they motored to the "Tally Ho" tea room in Park Ridge for luncheon.

In the afternoon, they enjoyed a trip through the Park Ridge School for Girls and a splendid program prepared for their enjoyment by the girls of the school.

#### P. T. A. Safety Notes

From July, 1936 through June, 1937, a one year period, 2736 motor vehicle deaths were reported to the Illinois Division of Highways. This figure is the highest number for a one year period on record. 182 of those killed were children between the ages of 5 and 14 years and 2540 other children were injured. Many of these accidents were caused by children playing in the streets, dashing from behind parked cars, or hopping onto moving vehicles, bicycle riders weaving in and out of traffic are becoming more numerous. Drivers must take heed of these actions, and for their own safety children must be taught to be more careful. The safety patrol

boys have gone on duty this week and it is hoped that better observance of pedestrian rules will be observed as well as careful driving on the part of motorists.

#### Room Mothers Tea

Mrs. Rex Volz, president of the Arlington Heights Parent-Teacher association, entertained the P. T. A. association room mothers and the teachers and members of the P. T. A. board at a very lovely autumn tea, in the forest preserve at Deer Grove, Monday afternoon.

A fire was burning in each of the outdoor fire places at either end of the "shelter" and a large table attractively decorated with table cloths of crepe paper in autumn colors and a center piece of fall vegetables made the setting unusual, indeed.

Baskets of doughnuts and sandwiches and pitchers of cider, tea and coffee completed the appointments.

The room mothers for this year are as follows, Kindergarten, Mrs. E. R. Williams; 1st grade north, Mrs. C. F. Grant; 2nd grade north, Mrs. Wm. L. Miligan; 3rd grade north, Mrs. Wm. L. #### Friendly Class

The Friendly class bazaar will soon be coming, Nov. 17, being the date, so plan to save that day. A luncheon and dinner will be served as well as sale of articles. A few years ago we had an argument as to which side of town had the best bowlers. Several of the boys stepped out and got "600" series, and Rex Bolte started out with 258 and seemed headed for 700, but he settled for 593. Too much pressure, eh, Rex?

Over on 1 and 2 Alex Askeloff was the hot shot, getting a swell 666 which included 199, 234, 233. Alex said, "He knew there weren't any big league scouts around, so he just let himself go. Nice series Alex." "Pop" Gieseke also did himself proud, getting 586 and a 231 game. That's the old spirit "Fath-er." The Elevators took all three games from Cafe. Henry Kehe started bowling with Cafe Monday.

On 3 and 4, El Rand and Blatz put on the best match of the evening, each team getting over 2300, and also a 1042 game for El Rand and 1010 for Blatz. There were four "600" series and some who just missed by a few pins. "Jock" Meyer, Irv. Kehe, and Al Pederson for El Rand and good old Marty Engeling for Blatz. Blatz took two games from El Rand.

Over on 5 and 6 Krause and the Hamms fought it out with Hamms winning two games. Bud Peter took a nose dive, in fact he didn't get out of Schneider, Monday. I guess Bud must have bought the two lions in front of the Art Institute and he was worried how he was going to get them home.

## CHRISTIAN SCIENCE CHURCHES

"Everlasting Punishment" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 31.

The Golden Text was, "Blessed is the man whom thou chastenest, O Lord, and teachest him out of thy law" (Psalms 94:12).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "It is of the Lord's mercies that we are not consumed, because his compassions fail not. They are new every morning: great is thy faithfulness" (Lamentations 3:22-23).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy:

"The design of Love is to reform the sinner. Divine Science reveals the necessity of sufficient suffering, either before or after death, to quench the love of sin. To remit the penalty due for sin, would be for Truth to pardon error. Escape from punishment is not in accordance with God's government, since justice is the handmaid of mercy" (p. 35-36).

When the children are under the supervision of the teachers they can't get into mischief. This is a great help to the teachers.

They will continue to have these periods throughout the winter unless the weather is unfavorable. When necessary, the students will have a program in their own room.

### Girls Athletics

Last Friday afternoon the girls of the seventh and eighth grades went outside for their forty-five minute athletic recess period, but it turned out to be quite chilly. After playing outside for about twenty minutes, the girls went indoors and were entertained for the remaining twenty-five minutes by some pantomimes performed by the various girls.

The girls of the seventh and eighth grade sewing classes, which are taught by Miss Dorothy Sott, are making the following articles: seventh grade girls, seam finishes, fells, overcasting and hems. The eighth grade girls are making clothes, as well as learning how to use the attachments for the machines such as binders and hems. These are, of course, only a few of the many appliances there are for the machines.

Lorraine Miers, of the North School seventh grade, has reported on the greatest number of books during the first two months of school. She has read seven books, which are as follows: "Youngest Ride," by L. P. Haunch; "Sweet Girl Graduate," by L. J. Maude; "Blotting the U. S. Mail," by G. E. Theiss; "The Girl Reporter," by Carl H. Claudy; "Winterbound" by Margery Beanner; "Joyous Peggy" by Capp; and "Slim Evans" by Burtis.

The Glee Club meets every Tuesday at 3:30 and every Friday morning at 8:15. The children are working on Thanksgiving songs which will be followed by Christmas songs.

### Student Council News

Mimeographed copies of the present Student Council constitution were distributed among the students last week, to be discussed in the various rooms. A number of criticisms were discovered and so, a few of the articles and sections will be rewritten. The students shall endeavor to make the constitution as perfect as possible, and expect to work upon it until they can find no mistakes.

Quite a few children are interested in reading. In the month of October, 138 books were taken out of the North School library, and that is about 35 books per week. The North school library has a possible circulation of 1600 books per month.

Five new books have been procured, four de luxe editions of Col. Blood's "Story of the Constitution" and a book entitled "Youth at the Wheel" by John J. Floherty. New books are purchased with the money collected in the form of f. n. s. We hope to have many more new books before the school term ends.

### Dramatic Club

Ruth Heuer, Marian Hardtke, and Donald Oefelein gave humorous, political, and descriptive speeches, respectively, in conjunction with the eighth grade public speaking course, at the last Dramatic club meeting.

Marian Hardtke, the first on the program, gave an excellent political speech. Her subject was the widely discussed Hugo Black situation, and Marian had some very good material and information on it. Her speech was also well worked.

Next on the varied program was Donald Oefelein, whose descriptive speech entitled, "Contrasts in Beauty" was really a grand piece of work. Donald described what he had supposedly seen on his trip through Africa, telling of the lovely and dangerous beauty of the desert, and the wild and domestic types of beauty in the dark jungles. He also told of the actual beauty throughout the seasons in Arlington Heights, and lastly the beauty of humans.

Ruth Heuer's humorous speech "Ways and Means of Making Trouble in School," gave really expert advice to some ambitious and enterprising youngsters. The title, here, speaks for itself in telling the value of its interest to the students. Ruth's speech was well planned and executed.

These students deserve a great deal of credit, as their twelve minute speeches were very well planned and spoken.

At the next Dramatic club meeting, on November 10, Bill Lanham and Jacquelyn Jahring are to give speeches.

### South School News

The first grade of the South School has started building a playhouse. They have the frame started. They wrote a group story about the house. This is the story:

We need paint.  
We need brushes.  
We need turpentine.  
We need newspapers.  
We have white paint. We put powder paint in a pail. We mixed water with it. We painted our house.

Elrow is a good painter.

The fourth grade of the South School is making some pictures and rhymes about health.

Several children have written interesting poems. They are making a poet's corner.

Roland Schapanski brought some Guppy fish to school.

Some of the pupils of the third grade at the south school wrote stories pertaining to Halloween. On Friday at 2:30 o'clock the boys and girls are having a party. They will march through town. The boys and girls will wear funny clothes. There will be prizes given to the funniest dressed boys and girls. By Patricia Page.

Halloween is a gay time. We have cats, funny faces, and a lot of things. I know we will have a great time at the Halloween parade. The children said that Mr. Baker will be dressed up, too. Maybe the teachers will dress up also. I am going to be dressed up, too. By Jean Brinkman.

The time when bats fly through the air, And witches ride about on brooms, And pumpkin lights are every where. And ghosts are giggling on the stair. Waiting to jump on you. By Fay Ann Johnson.

Halloween is very gay. It makes us want to play and play. I play that I'm a big bad witch, And up to the moon I fly. I play that my cat is the cat on the broom. And over the trees I go high in the sky, And I hear the owls talking to you twit-towoo. By Janice M. Dean.

### Dramatic Club

Ruth Heuer, Marian Hardtke, and Donald Oefelein gave humorous, political, and descriptive speeches, respectively, in conjunction with the eighth grade public speaking course, at the last Dramatic club meeting.

Marian Hardtke, the first on the program, gave an excellent political speech. Her subject was the widely discussed Hugo Black situation, and Marian had some very good material and information on it. Her speech was also well worded.

Next on the varied program was Donald Oefelein, whose descriptive speech entitled, "Contrasts in Beauty" was really a grand piece of work. Donald described what he had supposedly seen on his trip through Africa, telling of the lovely and dangerous beauty of the desert, and the wild and domestic types of beauty in the dark jungles. He also told of the actual beauty throughout the seasons in Arlington Heights, and lastly the beauty of humans.

Ruth Heuer's humorous speech "Ways and Means of Making Trouble in School," gave really expert advice to some ambitious and enterprising youngsters. The title, here, speaks for itself in telling the value of its interest in telling the students. Ruth's speech was well planned and executed.

These students deserve a great deal of credit, as their twelve minute speeches were very well planned and spoken.

At the next Dramatic club meeting, on November 10, Bill Lanham and Jacquelyn Jahrling are to give speeches.

The first grade of the North School has started building a playhouse. They have the frame started. They wrote a group story about the house. This is the story:

Halloween is a gay time. We have cats, funny faces, and a lot of things. I know we will have a great time at the Halloween parade. The children said that Mr. Baker will be dressed up, too. Maybe the teachers will dress up also. I am going to be dressed up, too. By Jean Brinkman.

*"Do Banks want new checking accounts?"*

YES, most banks welcome new checking accounts. At least, we know that our bank is glad to have them—for checking accounts constitute one of the most important financial services we render to the people of this community.

A checking account is a valuable service to depositors. Naturally, it costs the bank money to handle every account. These expenses include check books, signature cards, deposit slips, other supplies and necessary time and cost of handling the account. Consequently, the bank expects an adequate balance to be kept in the account in order that its earnings will help to cover its cost. Otherwise, a moderate service charge is ordinarily made.

## Pretty Wedding At Bride's Home

A pretty wedding took place when Miss Grace Nellie, daughter of Mr. and Mrs. Arthur B. Scharringhausen, 305 N. Pine Ave., Arlington Heights, was united in holy matrimony to Mr. Ralph Potts of Libertyville on Saturday evening, October 30, at 7:30 o'clock. The Reverend Rudolph John Kalwitz, pastor of St. John's Evangelical church, in the presence of the forty invited guests, performed the single ring ceremony before an artistically arranged bank of palms, ferns, and flowers. The home was attractively decorated in a color scheme of pink and white.

At the appointed hour, the bride on the arm of her father, entered the drawing to the entrancing strains of Mendelssohn's "Wedding March" played by Mrs. Ben Helfers on the grand piano. The bride was charmingly attired in a white satin gown with a lace halo and long train and carried a shower bouquet of white roses.

The bride's sister, Mrs. Ferdinand Blohm, who served as the matron of honor, wore a blue velvet gown with matching accessories and carried an arm bouquet of talisman roses which lent materially to the color scheme.

The bridesmaid, Miss Estelle Potts, a sister of the groom, wore a maroon velvet gown with matching accessories and carried pink roses as her arm bouquet. The male members of the wedding party wore boutonniers of red roses. Mr. Arthur Mollenhauer of Wheeling attended the groom.

The matrimonial service was enhanced with two beautiful soprano solos, "I Love You Truly," and "God Made Thee Mine," sung by Mrs. Ferdinand Blohm.

Following the wedding ceremony, the guests congratulated the groom and extended their best wishes to the bride. At nine o'clock the pastor led the bridal couple and their attendants, followed by the forty guests, into the dining room on the lower floor where the color scheme of pink and white was also carried out.

After several hours of informal reception, refreshments were served and the bride presented each guest with a slice of the huge three-layered wedding cake. At three o'clock in the morning, Mr. and Mrs. Ralph Potts left on a secret honeymoon in the far West and will be at home to their many friends at 303 North Pine avenue after November 15.

### Simos-Alten

Miss Laura Simos of Des Plaines and Mr. Henry Alten, son of Mr. and Mrs. Henry Alten of Palatine road, were married Saturday, Oct. 30, 1937, in the home of the bride's grandmother, Mrs. Simos.

The ceremony was performed by Rev. Geobel, pastor of Evangelical congregation in Des Plaines, using the double ring services. This was a pleasing home wedding, where the young people, surrounded by relatives, took the pledge of loyalty until death do us part.

The bride wore, becomingly, a white satin gown. Her bouquet was white roses. Miss Esther Alten was maid of honor. Her gown was ice blue satin, her flowers were roses.

The bridegroom was attended by Mr. William Conrad of Evanston. The bride has grown to womanhood in Des Plaines where her many friends wish her all happiness. The bridegroom has spent his life in this locality, attended high school here and has a host of friends. This is the first break in the Allen home circle and naturally sadness is mixed with the joy of the event.

After the reception and wedding supper, the newlyweds went for a short trip and on their return, Mr. and Mrs. Harry Alten will be at home to friends in Chicago, where they are both employed.

Alma Scharringhausen entertained sixteen friends Friday evening at a bridal shower in honor of Erna Struet, who is to be married Nov. 6.

**FIGHT COLD SWEAT**  
WITH THIS LUBRICATING GASOLINE

**DON'T LET RUST and CORROSION Attack Your Motor**

NO MOTOR can escape "Cold Sweat", but every motorist can prevent "Cold Sweat" from rusting and corroding valves, pistons and upper-cylinders, crippling power and wasting mileage! Fight it with Tydol, the lubricating gasoline. Every gallon contains a special top-cylinder oil that constantly lubricates and protects all upper motor parts. They shed water like a duck's back. They work smoothly and easily. They respond to Tydol's fast-starting power in a split-second. Get freedom from the dangers of "Cold Sweat" this winter. Get Tydol, the Lubricating Gasoline. It sells at no extra cost.

The next cold morning you start your motor, hot vapors will strike cold metal. Condensation will take place. You will see clouds of steam and drops of water pour out of the exhaust. That's "Cold Sweat"! You only see it... but your motor feels it. You can measure in a drinking glass the water that accumulates from "Cold Sweat" outside your motor. But inside your motor, this water, unless checked, rusts and corrodes valves and other vital parts.

**Cardinals  
Lose Their  
First Game**

Leyden Mars Homecom-  
ing By 7-0 Victory Over  
Leaders.

The Eagles of Leyden came to life for one brief moment last Saturday and downed the hitherto undefeated Arlington Cardinals 7-0. Spoiling the annual Arlington Homecoming which was attended by a record crowd Leyden made a questionable recovery of an Arlington fumble just at the end of the first quarter. A few plays later in the second quarter they had shoved the ball the thirty yards needed after recovering the ball and scored the only points of the game.

The Cardinals were dead for the entire first half, and very nearly dead the entire second half, particularly the final quarter. Arlington allowed themselves to get down in the dumps because they were denied the services, through ineligibility, of a trio who have, at their best, played only a very minor role in the Arlington successes to date. After finding out during the first half that the team was functioning without these leads, the Cardinals at half time regained most of their poise and literally tore Leyden to

shreds the second half, but lacked

the final coordination necessary to

score and remain in the undefeated

class in the Northwest Conference

race.

Leyden had two plays which

gained their four first downs. One

of these was a short pass which they

executed in deadly fashion twice to

gain first downs in their touchdown

drive. One of these gained 6 and

the other 5 yards. Their only other

ground gaining plays were smashes

enough Arlington's line for short

gains mainly by Green and Roulo.

Arlington had two ground gain-

ing splurges. After the Leyden

touchdown Arlington reeled off 35

yards and three consecutive first

downs, but lost their punch on the

Leyden 30 yard line.

The third quarter was almost a

replica of the first half with neither

team getting anywhere. At the be-

ginning of the fourth quarter, the

Cardinals realized the game was

slipping away and finally went to

work. Getting one of their few

breaks of the game when Leyden

intercepted an Arlington pass and

then fumbled, Mayerck recovered

the ball. Hull and Mayerck made

it first down on the Leyden 20. Four

tries were inches short of a first

down on the Leyden 10. Here they

got another of their tough breaks

when the referee allowed Leyden to

toss Muller back a yard after gain-

ing the necessary distance. Not

discouraged by this they soon took

a Leyden punt near midfield and

through Hull's and Mayerck's vic-

ious plunging, back of some real line

drive, they made three consecutive

first downs to the nine yard line.

Here mainly through bad judgment

on plays, the offense bagged down

again. A last desperate pass

caught the officials out of position

and a poor ruling cost Arlington

their last chance to score. A near

riot scene resulted as the game

ended.

It is a shame that practically ev-

ery one of the recent football and

basketball games with Leyden have

been marred by poor officiating. The

games have been terrifically hard

fought, but the boys, amateurs at

sport, have proven to have better

mental poise in the pinches than the

paid professional officials.

None who witnessed the game

were satisfied excepting the few

Leyden fans who realized how lucky

they were to win, and few will for-

get Arlington's desperate last quar-

ter drive to snatch back victory.

Saturday's honor roll for Arlington would begin with Hull and Milligan, and continue on through Heller, Mayerck, and Rohlwing. These five were continually rising to starring roles. Their teammates did yeoman service and were at all times in the thick of it.

## Cardinals Lose Their First Game

**Leyden Mars Homecoming  
By 7-0 Victory Over  
Leaders.**

The Eagles of Leyden came to  
life for one brief moment last Sat-  
urday and downed the hitherto un-  
defeated Arlington Cardinals 7-0.  
Spoiling the annual Arlington  
Homecoming which was attended by  
a record crowd Leyden made a ques-  
tionable recovery of an Arlington  
fumble just at the end of the first  
quarter. A few plays later in the  
second quarter they had shoved the  
ball the thirty yards needed after  
recovering the ball and scored the  
only points of the game.  
The Cardinals were dead for the  
entire first half, and very nearly  
deadly the entire second half, par-  
ticularly the final quarter. Arling-  
ton allowed themselves to get down  
in the dumps because they were de-  
nied the services, through ineligibil-  
ity, of a trio who have, at their  
best, played only a very minor role  
in the Arlington successes to date.  
After finding out during the first  
half that the team was functioning  
without these lads, the Cardinals at  
half time regained most of their  
poise and literally tore Leyden to

shreds the second half, but lacked  
the final coordination necessary to  
score and remain in the undefeated  
class in the Northwest Conference  
race.

Leyden had two plays which  
gained their four first downs. One  
of these was a short pass which they  
executed in deadly fashion twice to  
gain first downs in their touchdown  
drive. One of these gained 6 and  
the other 5 yards. Their only other  
ground gaining plays were smashes  
enough Arlington's line for short  
gains mainly by Green and Roulo.  
Arlington had two ground gain-  
ing splurges. After the Leyden  
touchdown Arlington reeled off 35  
yards and three consecutive first  
downs, but lost their punch on the  
Leyden 30 yard line.

The third quarter was almost a  
replica of the first half with neither  
team getting anywhere. At the be-  
ginning of the fourth quarter, the  
Cardinals realized the game was  
slipping away and finally went to  
work. Getting one of their few  
breaks of the game when Leyden  
intercepted an Arlington pass and  
then fumbled, Mayerck recovered  
the ball. Hull and Mayerck made  
it first down on the Leyden 20. Four  
tries were inches short of a first  
down on the Leyden 10. Here they  
got another of their tough breaks  
when the referee allowed Leyden to  
toss Muller back a yard after gain-  
ing the necessary distance. Not  
discouraged by this they soon took  
a Leyden punt near midfield and  
through Hull's and Mayerck's vic-  
ious plunging, back of some real line  
drive, they made three consecutive  
first downs to the nine yard line.  
Here mainly through bad judgment  
on plays, the offense bagged down  
again. A last desperate pass  
caught the officials out of position  
and a poor ruling cost Arlington  
their last chance to score. A near  
riot scene resulted as the game  
ended.

It is a shame that practically every  
one of the recent football and  
basketball games with Leyden have  
been marred by poor officiating. The  
games have been terrifically hard  
fought, but the boys, amateurs at  
sport, have proven to have better  
mental poise in the pinches than the  
paid professional officials.

None who witnessed the game  
were satisfied excepting the few  
Leyden fans who realized how lucky  
they were to win, and few will for-  
get Arlington's desperate last quar-  
ter drive to snatch back victory.

## 30 Years Ago

COOK COUNTY HERALD  
FRIDAY, OCTOBER 25, 1907

**Palatine**  
A. G. Smith entertained his  
friend, Mr. Johnston of Chicago,  
Sunday.  
Miss Elvora Arps is substituting  
in the Spring Grove school west of  
Barrington.

Mrs. J. E. Morris is entertaining  
her brother, Mr. Chas. Beebe and  
niece, Mrs. Paden, of Freeport,  
Iowa.  
Wm. Cook and wife of Chicago  
are visiting Dr. and Mrs. J. L. Mal-  
colm at their new home on Brock-  
way street.

Miss Elvira Schmidt was most  
pleasantly surprised Wednesday eve-  
ning, by her many friends who  
came to help celebrate her birthday.

The 7:15 p. m. Des Plaines pas-  
senger train was struck by a  
Glencoe train at Ohio street Satur-  
day evening and a fireman killed.  
About 20 received comparatively  
light injuries.

Dr. Carl A. Starck and Miss  
Marie Danielsen were quietly mar-  
ried at the home of Rev. Rahn, pas-  
tor of St. Nicholas church, at Avon-  
dale, Wednesday, Oct. 23, 1907.

George Duffie, who has been  
boarding at Frank Keyes' four  
months and is employed in the city,  
was brutally attacked, sandbagged  
and robbed Monday night.  
After a sickness of six weeks,  
George Grigg died Oct. 16, aged 77  
years.

August Wienecke died of heart  
disease Thursday, Oct. 17, 1907,  
aged 72 years, 2 months, 26 days.  
Louise Dorothea Bargemann,  
(nee Meyer) was born May 22, 1839,  
in Hanover, Germany, and died Oct.  
21.

**Roselle**  
Mrs. H. Schmidt, who has been  
quite sick, is slowly recovering.  
Miss Adeline Hansen has taken  
up a millinery course at the Audi-  
torian, Chicago.  
A number of the young men will  
give a grand dance at Hotel Ben-  
hardt, Saturday evening, Oct. 26.  
If the Fire Dept. would change  
their constitution and by-laws from  
the English print to Platte Deutch  
they would not be liable to run up  
against so many snags.

**Bloomington**  
The Baptist parsonage is still for  
rent. A nice little home for some-  
body on most reasonable terms.  
The Shaw children entertained  
about 25 friends Sunday afternoon  
with games of all kinds.

**Bensenville**  
Robert Dierking was pleasantly  
surprised Sunday evening by about  
50 friends, who came to celebrate  
his birthday.

Mrs. Christ Getts, formerly of  
Bensenville, died at the Presbyterian  
hospital where she had been oper-  
ated on a few days before.

Victor Beck saw a burglar leav-  
ing his blacksmithshop with one of  
his sledge hammers about 1:15  
Wednesday morning. Beck thinking  
there was a general holdup of the  
town, ran out and rang the fire  
bell, which brought everybody out  
quick. The burglars escaped, but  
left the sledge near the depot.

**Arlington Heights**  
Wm. Glade is the proud father of  
a baby boy, born Oct. 19.  
Miss Clara Blume is completing  
her course of dressmaking at Mrs.  
Hart's.  
George Rau and wife are the  
happy parents of a daughter born  
Wednesday, Oct. 23.

The knowledge and experience I  
have gained in the past few years  
in my business will be of great  
help to the man who fills this po-  
sition. I will teach him how to  
be successful if he will work 8  
hours a day. The man who ap-  
plies need not have selling ex-

## 30 Years Ago

COOK COUNTY HERALD  
FRIDAY, OCTOBER 25, 1907

**Palatine**  
A. G. Smith entertained his  
friend, Mr. Johnston of Chicago,  
Sunday.  
Miss Elvora Arps is substituting  
in the Spring Grove school west of  
Barrington.  
Mrs. J. E. Morris is entertaining  
her brother, Mr. Chas. Beebe and  
niece, Mrs. Paden, of Freeport,  
Iowa.

Wm. Cook and wife of Chicago  
are visiting Dr. and Mrs. J. L. Mal-  
colm at their new home on Brock-  
way street.  
Miss Elvira Schmidt was most  
pleasantly surprised Wednesday eve-  
ning, by her many friends who  
came to help celebrate her birthday.  
The 7:15 p. m. Des Plaines pas-  
senger train was struck by a  
Glencoe train at Ohio street Satur-  
day evening and a fireman killed.  
About 20 received comparatively  
light injuries.

Dr. Carl A. Starck and Miss  
Marie Danielson were quietly mar-  
ried at the home of Rev. Rahm, pas-  
tor of St. Nicholas church, at Avon-  
dale, Wednesday, Oct. 23, 1907.  
George Duffie, who has been  
boarding at Frank Keyes' four  
months and is employed in the city,  
was brutally attacked, sandbagged  
and robbed Monday night.  
After a sickness of six weeks,  
George Grigg died Oct. 16, aged 77  
years.

August Wienecke died of heart  
disease Thursday, Oct. 17, 1907,  
aged 72 years, 2 months, 26 days.  
Louise Dorothea Bangemann,  
(nee Meyer) was born May 22, 1839,  
in Hanover, Germany, and died Oct.  
21.

**Roselle**  
Mrs. H. Schmidt, who has been  
quite sick, is slowly recovering.  
Miss Adeline Hansen has taken  
up a millinery course at the Audi-  
torium, Chicago.  
A number of the young men will  
give a grand dance at Hotel Ben-  
hardt, Saturday evening, Oct. 26.  
If the Fire Dept. would change  
their constitution and by-laws from  
the English print to Platte Deutsch  
they would not be liable to run up  
against so many snags.

**Bloomington**  
The Baptist parsonage is still for  
rent. A nice little home for some-  
body on most reasonable terms.  
The Shaw children entertained  
about 25 friends Sunday afternoon  
with games of all kinds.

**Bensenville**  
Robert Dierking was pleasantly  
surprised Sunday evening by about  
50 friends, who came to celebrate  
his birthday.  
Mrs. Christ Gets, formerly of  
Bensenville, died at the Presbyterian  
hospital where she had been oper-  
ated on a few days before.  
Victor Beck saw a burglar leav-  
ing his blacksmith shop with one of  
his sledges hammers about 1:15  
Wednesday morning. Beck think-  
ing there was a general holdup of  
the town, ran out and rang the fire  
bell, which brought everybody out  
quick. The burglars escaped, but  
left the sledge near the depot.

**Arlington Heights**  
Wm. Glade is the proud father of  
a baby boy, born Oct. 19.  
Miss Clara Blume is completing  
her course of dressmaking at Mrs.  
Hart's.  
George Rau and wife are the  
happy parents of a daughter born  
Wednesday, Oct. 23.

**Palatine**  
F. W. Karsten and family visited  
her parents, Mr. and Mrs. Hackel,  
over Sunday, and left Tuesday for  
San Diego, Cal.  
Teacher C. F. Jensen and family  
are delighted with their new baby  
girl, born Oct. 23.  
Mr. and Mrs. Emil Meyer are  
happy over the safe arrival of their  
first baby, a charming daughter,  
born Wednesday, Oct. 23.  
St. Peter's congregation celebrated  
the 25th anniversary of the ded-  
ication of their present church ed-  
ifice Sunday, Oct. 20.

**Killing Friendship**  
Jud Tunkins says telling a friend  
of his shortcomings is more likely to  
kill the friendship than to cure the  
faults.

Miss Allie Fairchild left Thurs-  
day for Ohio, where she was sent  
by the firm she is working for.

The many friends of Miss Anna  
Cooley are pained to hear of her  
severe illness of typhoid fever at  
the home of her aunt in Chicago.  
A party of friends spent Sunday  
with Lydia and Henry Kehe, the oc-  
casion being their twin birthdays.  
The Madison House enjoys a lib-  
eral business.

F. W. Karsten and family visited  
her parents, Mr. and Mrs. Hackel,

are delighted with their new baby  
girl, born Oct. 23.

Mr. and Mrs. Emil Meyer are  
happy over the safe arrival of their  
first baby, a charming daughter,  
born Wednesday, Oct. 23.  
St. Peter's congregation celebrated  
the 25th anniversary of the ded-  
ication of their present church ed-  
ifice Sunday, Oct. 20.

Mrs. Edith Thirler, Wickwire,  
daughter of Clark A. and Stella

**Bats Pollinate Bananas**  
Bats play the role of bees in pol-  
linating certain kinds of bananas,  
states Dr. L. van der Pijl, biologist  
of the Netherlands East Indies.  
Certain species of these flying mam-  
mals have very long tongues,  
equipped to collect pollen for food.  
They move from flower to flower,  
and in so doing transfer enough of  
the pollen surplus to effect fertiliza-  
tion. The banana flowers visited by  
the bats have an odor quite dis-  
agreeable to human nostrils, which  
is said to be quite like that of the  
bats themselves, and hence pre-  
sumably attractive to them.

**Killing Friendship**  
Jud Tunkins says telling a friend  
of his shortcomings is more likely to  
kill the friendship than to cure the  
faults.

**Jr. Forest Woodmen In Hallowe'en Party**  
Also contributing to a "sane" Hallowe'en, the local Arlington Heights Forest Junior Woodmen of the World, gathered for a costume party at their club rooms at the home of Mrs. Evelyn Van Steen, deputy and organizer, 737 North State road, on last Saturday afternoon.  
Climaxing the two days of fun enjoyed by the children at school and elsewhere, some 30 children were present at the party.  
Games were played and prizes, cake and candy were distributed to the delight of all. The room and tables were appropriately decorated with pumpkins, goblins and the like.  
In connection with the party, Mrs. Van Steen announced appointment of the various officers for the next terms as well as a program of further educational and entertainment events during the coming months.  
Elaborate paraphanelia for drill teams, officers and members which is provided as Forest equipment is proving an added incentive in developing most desirable qualities of responsibility, discipline and activity in the youngsters. However, the crowning glory for them yet remains for some later holidays and events, namely to appear in public parade.

**Wooden Horse Kick Throws Man In Pit**  
Carl Schult of Bartlett, a construction foreman for Charles E. Gertz & Son Co., Elgin, sustained slight injuries Thursday morning when he was "kicked" by a wooden carpenter's horse on S. Grove avenue.  
Mr. Schult was directing excavating operations in front of the Crocker theater, in connection with the Western United's installation of underground conduits and transformers, when the accident occurred. Charles Plunker of Linden, Ill., a motorist, struck one of the wooden horses used to guard the workmen and the impact knocked the obstruction into Mr. Schult. He was shoved into the excavation pit by the blow, and his clothing was torn.

**No Hunting In Forest Preserve**  
Hunters are warned to give the forest preserves a wide berth. The warning comes from Clayton F. Smith, president of the Board of Forest Preserve Commissioners.  
"The hunting season is on," he explains, "but there is to be no hunting in any of the forest preserves. Persons caught will be arrested and prosecuted to the full extent of the law. Every employee of the Forest Preserve District, has been given police authority during the hunting season, and will be on the alert to apprehend violators. Besides, members of conservation groups are assisting the regular police in patrolling the entire 33,000 acres comprising the forest preserves. Guns and ammunition will be confiscated."  
"The Forest Preserve District of Cook county, Illinois, is dedicated to the protection and preservation of all wild life and game taking up abode within its sanctuary.  
"The law permits hunting in season in certain areas, but the Forest Preserve District of Cook county is not one of them," he explained.

**Eleanor Forke and Vernon Landmeier Married At Itasca**  
A very pretty and impressive wedding took place in St. Luke's Lutheran church at Itasca, Sunday afternoon, October 17, when Miss Eleanor Forke of Itasca, became the bride of Mr. Vernon Landmeier of Arlington Heights. Rev. F. Zersen, the resident pastor, performed the ceremony using the ring service.  
The wedding party proceeded down the aisle to the strains of Mendelssohn's "Wedding March," played by Mr. G. Elbert, organist of the church. The bride who was given in marriage by her brother, Walter Forke, was met at the altar by the bridegroom, who had as his best man, his brother, Oscar Landmeier.  
The bride was beautifully gowned in ivory velvet cut en train, and wearing tulle veil arranged with Juliette cap. She carried a bridal bouquet of white tea roses. Her attendants were Miss Elizabeth Glanz, maid of honor and Mrs. Frank Forke, matron of honor, both of whom wore rust velvet and carried tulle veils.  
The bridesmaids were Mrs. Franklin Landmeier of Arlington Heights; June Landmeier of Arlington Heights; Lillian Kolze of Itasca; Ruby Mahler, of Itasca, who wore chateau velvet and carried tulle veils.  
Leonard Johnson, cousin of the bride, and Franklin Landmeier, brother of the groom were acting ushers.  
Mrs. Sylander of Chicago, sang two beautiful and impressive solos, "O Perfect Love" and "The Lord is My Shepherd."  
Following the ceremony, a delicious dinner was served in the parlors of the church to approximately forty guests, where Mr. G. Elbert was toastmaster.  
Mr. and Mrs. Landmeier, left at once on a wedding trip, leaving vague information as to their route. Incidentally they will visit Mr. and Mrs. John Riedeman and family of Sioux City, Iowa, while they are away.  
Mrs. Landmeier is one of Itasca's young ladies, well-known in this community, who has made herself prominent in church work and social activities of St. Luke's Lutheran church. She is the daughter of Mrs. August Forke, whose family has always made their home in Itasca.  
Mr. Landmeier is the son of Mr. and Mrs. Albert Landmeier of Arlington Heights. He is a graduate of the University of Illinois and now employed in the editorial department of Rural Progress Magazine. The many friends of Mr. and Mrs. Landmeier wish them a long life of happiness. They will be at home upon their return, at the home of the bride's mother.  
Many beautiful and valuable gifts were showered upon this promising young couple.

**Classic Novel Reaches Screen In Technicolor**  
In response to the many requests to bring back this picture to the Arlington Theatre we are doing so Friday and Saturday, November 5 and 6.  
"The Trail of the Lonesome Pine," one of America's best-loved stories, comes to the Arlington Theatre screen next Friday and Saturday in a spectacular Technicolor version starring Sylvia Sydney, Fred MacMurray and Henry Fonda.  
Based on the novel by John Fox, Jr., "The Trail of the Lonesome Pine" is a tale of hill folk in the Cumberland Mountains, and the feuds that set family to fighting family—for causes long since forgotten. More than 90 per cent of the picture was filmed outdoors, at Big Bear Lake, California. Location scouts toured the Pacific Coast as far north as Oregon, seeking mountains and terrain closely resembling the original setting of the story, and finally locating the lake site.

**Auto Show In Chicago Nov. 6 To 13**  
The classic among the nation's automobile shows, Chicago's 38th annual will greet the public Saturday, Nov. 6, and continue for a week through Nov. 13, at the International Amphitheatre, Halsted and 43rd streets.  
Favored by a layout and facilities unequalled in any other structure, those in charge have perfected brilliant feats of showmanship which will lure motor car enthusiasts and leaders of the industry from all parts of the central west.  
All of the glamor, brilliance and swift-moving action in the big arena and in 124 exhibits throughout the Amphitheatre will combine to honor the 1938 products of motordom, including passenger cars, trailers, trucks, accessories and maintenance equipment.  
Supplementing the "Fashions of the World" revue in the central arena will be the new cars on the second floor, of which 24 makes and 200 models will be shown; the trailers with 21 makes and 70 models, and the truck division of 9 makes and 56 models—more than 300 units all told.  
In addition, the accessory and parts industry will account for 65 displays, augmented by such educational features as the winning high school student safety posters and slogans in a contest conducted by Mayor Kelly's Keep Chicago Safe Committee; a trailer camp, and a diorama depicting the evolution of highway transportation during the past hundred years.  
Show officials estimate that 500,000 will go through the gates during the eight day run of the \$1,500,000 spectacle. They make this prediction because of the kind of show being produced and the intense public interest in the 1938 models.

**Cars Crash On Plum Grove Ave.**  
Two cars were badly smashed up in a crash on S. Plum Grove avenue Monday afternoon, when a Ford sedan driven by A. Newith, operator of a riding academy in Chicago crashed into another Ford sedan driven by P. G. Bracken of Palatine.  
The pavement was slippery from the rain and Mr. Newith, driving north on Plum Grove avenue between Hellen road and Washington street seemed to lose control of his car which started to shoot across the road toward the west curb.  
Mr. Bracken, driving south on the avenue, saw the other car heading for him and swung sharply to the right to try and avoid a smash up.  
But the Newith car caught the Bracken car amidship and rolled it over onto the west curb.  
Bracken was trapped in his car but Newith, after finally stopping his spinning car, rushed to Bracken's aid and pried open a door and helped to haul Bracken out.  
Newith was arrested on a charge of reckless driving preferred by Bracken and was released on a \$75.00 cash bond for appearance before Judge Steinbrink on Nov. 10.  
Newith said that he swung away from the east curb at about Hellen road to pass a car that was unloading some children and that because of the slippery condition of the pavement, his car somehow or other seemed to get out of control.

**County Clerk Flynn Makes Exhaustive Search For Flyer's Birth Record**  
Seeking to determine the birthplace of her husband in Chicago, Mrs. Fred J. Noonan, wife of the ill-fated flyer who was lost on the attempted round-the-world flight with Amelia Earhart recently wrote a letter to County Clerk Michael J. Flynn from Jackson, Mississippi where she is now residing.  
"I am furnishing the information for most of my husband's biography," she wrote, "and while I know he was born in Chicago, April 4, 1893, we are anxious to get the street name and perhaps the number of the house where he was born and lived. His father was Joseph T. Noonan, and mother Kathleen Mary (Ewan) Noonan."  
Mr. Flynn caused an exhaustive search to be made of the records in his Vital Statistics department and found that the Noonans had apparently neglected to record the birth of their son just as so many others had done prior to January 1, 1916, when the law did not require recording of birth.  
Noonan, who tragically enough went on his last voyage for a "vacation" from routine flying assignments, was regarded as one of the nation's foremost professional fliers. In 1908, when 15 years old, Fred left home and went to sea on a sailing vessel. In twenty-two years of ocean travel he received "unlimited" ratings as a master mariner. During the World War he served in the Royal British Navy and was on ships which were torpedoed on three occasions.  
After serving as an instructor in aerial navigation with various transport organizations, Noonan joined forces with Pan-American airlines in 1930. He was navigation officer on the first experimental flight of a Pan-American clipper from California to Manila.  
William H. Thorp, a veteran C. & N. W. engineer died last Thursday at his home in Barrington. The funeral was held Sunday at the Baptist church with Rev. Drussel officiating. Deceased was one of the oldest engineers upon this division.  
He leaves his wife and two sons, Elroy, of Barrington and Charles of Palatine, both of whom are also employed in railroad service.

**Find Insane Man On State and Rand Roads; Escaped From Elgin**  
Charles Bratcher, 27 year old colored inmate of the Elgin State hospital, was recovered by the sheriff's highway police of Morton Grove at State and Rand roads last Thursday after he had escaped from that institution.

**Lions Club Dance To Be Gala Affair**  
Capacity Crowd Expected  
The fourth annual Fall Dance at the Northwest Hills Country club on next Saturday evening will undoubtedly be the most popular event of the 1937 season, judging from the festive dances of previous years and the special program arranged this year.  
The orchestra which will play for the dance, Len Biggett's 6-piece orquesta and entertainers, is a very popular one that should put the crowd in the proper festive mood. They have been very enthusiastically received elsewhere and undoubtedly there will be many present at this Saturday's dance, who will take advantage of every opportunity to dance to the melody of Ben Luggett's boys.  
Arrangements have been made with the Country Club Manager, Mr. R. C. Smith, for the complete use of the club facilities, including refreshments and sandwiches. Lockroom facilities will be provided which will be adequate for a capacity crowd. Nothing has been overlooked, and everything has been provided that will assure an evening complete in every way.

**Capacity Attendance At Rand Tower Opening Saturday, Oct. 29**  
All who attended the Grand Opening of Rand Tower on last Saturday, witnessed perhaps one of the largest and most representative welcoming parties gathered together anywhere in this vicinity for such an occasion in many years when some more than 250 guests attended.  
The host of friends of the proprietors, Messrs. Klingler and Tedrow, alone were an unusual testimonial to these new neighbor business men, and indicated the high esteem with which both are held among their former friends and associates, Chicago, the North Shore and many distant points of the State were represented.  
Particularly gratifying also, was the representative attendance from Arlington Heights and neighboring villages. In acknowledgement of the public announcements which appeared, an official delegation from one of the villages had called already during the afternoon to welcome the new business men and express their regrets at being unable to be present during the evening celebration.  
Splendid music added to the delight of the dancers in spite of the necessity for crowding even the dance floor with tables to accommodate the overflow crowd.  
Messrs. Klingler and Tedrow wish to sincerely thank all who contributed to the success of the party with their presence, and express like regrets to the many who could not be accommodated and were turned away during a large part of the evening.  
Regular announcements as well as notice elsewhere in this issue, will keep the public informed of special events and service offered at Rand Tower from time to time.

### Jr. Forest Woodmen In Hallowe'en Party

Also contributing to a "sane" Hallowe'en, the local Arlington Heights Forest Junior Woodmen of the World, gathered for a costume party at their club rooms at the home of Mrs. Evelyn Van Steen, deputy and organizer, 737 North State road, on last Saturday afternoon.

Climaxing the two days of fun enjoyed by the children at school and elsewhere, some 30 children were present at the party.  
Games were played and prizes, cake and candy were distributed to the delight of all. The room and tables were appropriately decorated with pumpkins, goblins and the like.

In connection with the party, Mrs. Van Steen announced appointment of the various officers for the next terms as well as a program of further educational and entertainment events during the coming months.  
Elaborate paraphernalia for drill teams, officers and members which is provided as Forest equipment is proving an added incentive in developing most desirable qualities of responsibility, discipline and activity in the youngsters. However, the crowning glory for them yet remains for some later holidays and events, namely to appear in public parade.

### Wooden Horse Kick Throws Man In Pit

Carl Schult of Bartlett, a construction foreman for Charles E. Gierz & Son Co., Elgin, sustained slight injuries Thursday morning when he was "kicked" by a wooden carpenter's horse on S. Grove avenue.

Mr. Schult was directing excavating operations in front of the Crocker theater, in connection with the Western United's installation of underground conduits and transformers, when the accident occurred. Charles Plunker of Linden, Ill., a motorist, struck one of the wooden horses used to guard the workmen and the impact knocked the obstruction into Mr. Schult. He was shoved into the excavation pit by the blow, and his clothing was torn.

### No Hunting In Forest Preserve

Hunters are warned to give the forest preserves a wide berth.  
The warning comes from Clayton F. Smith, president of the Board of Forest Preserve Commissioners.  
"The hunting season is on," he explains, "but there is to be no hunting in any forest preserves. Persons caught will be arrested and prosecuted to the full extent of the law. Every employee of the Forest Preserve District, has been given police authority during the hunting season, and will be on the alert to apprehend violators. Besides, members of conservation groups are assisting the regular police in patrolling the entire 33,000 acres comprising the forest preserves. Guns and ammunition will be confiscated."

"The Forest Preserve District of Cook county, Illinois, is dedicated to the protection and preservation of all wild life and game taking up abode within its sanctuary.  
"The law permits hunting in season in certain areas, but the Forest Preserve District of Cook county is not one of them," he explained.

### Eleanor Forke and Vernon Landmeier Married At Itasca

A very pretty and impressive wedding took place in St. Luke's Lutheran church at Itasca, Sunday afternoon, October 17, when Miss Eleanor Forke of Itasca, became the bride of Mr. Vernon Landmeier of Arlington Heights. Rev. F. Zersen, the resident pastor, performed the ceremony using the ring service.

The wedding party proceeded down the aisle to the strains of Mendelssohn's wedding march, played by Mr. G. Elbert, organist of the church. The bride who was given in marriage by her brother, Walter Forke, was met at the altar by the bridegroom, who had as his best man, his brother, Oscar Landmeier.

The bride was beautifully gowned in ivory velvet cut on train, and wearing tulle veils arranged with Juliette lace. She carried a bridal bouquet of white tea roses. Her attendants were Miss Elizabeth Glanz, maid of honor and Mrs. Walter Forke, matron of honor, both of whom wore rust velvet and carried tulle veils.

The bridesmaids were Mrs. Franklin Landmeier of Arlington Heights; June Landmeier of Arlington Heights; Lillian Kolze of Itasca; Ruby Mahler, of Itasca, who wore champagne velvet and carried tulle veils.

Leonard Johnson, cousin of the bride, and Franklin Landmeier, brother of the groom were acting ushers.

Mrs. Sylander of Chicago, sang two beautiful and impressive solos, "O Perfect Love" and "The Lord is My Shepherd."

Following the ceremony, a delicious dinner was served in the parlors of the church to approximately forty guests, where Mr. G. Elbert was toastmaster.

Mr. and Mrs. Landmeier, left at once on a wedding trip, leaving vague information as to their route; incidentally they will visit Mr. and Mrs. John Kiedeman and family of Sioux City, Iowa, while they are away.

Mrs. Landmeier is one of Itasca's young ladies, well-known in this community, who has made herself prominent in church work and social activities of St. Luke's Lutheran church. She is the daughter of Mrs. August Forke, whose family has always made their home in Itasca.

Mr. Landmeier is the son of Mr. and Mrs. Albert Landmeier of Arlington Heights. He is a graduate of the University of Illinois and now employed in the editorial department of Rural Progress Magazine. The many friends of Mr. and Mrs. Landmeier wish them a long life of happiness. They will be at home upon their return, at the home of the bride's mother.

Many beautiful and valuable gifts were showered upon this promising young couple.

### Auto Show In Chicago Nov. 6 To 13

The classic among the nation's automobile shows, Chicago's 38th annual will greet the public Saturday, Nov. 6, and continue for a week through Nov. 13, at the International Amphitheatre, Halsted and 43rd streets.

Favored by a layout and facilities unequalled in any other structure, those in charge have perfected brilliant feats of showmanship which will lure motor car enthusiasts and leaders of the industry from all parts of the central west.

All of the glamor, brilliance and swift-moving action in the big arena and in 124 exhibits throughout the Amphitheatre will combine to honor the 1938 products of motorists, including passenger cars, trailers, trucks, accessories and maintenance equipment.

Supplementing the "Fashions of the World" revue in the central arena will be the new cars on the second floor, of which 24 makes and 200 models will be shown; the trailer section with 21 makes and 70 models, and the truck division of 9 makes and 56 models—more than 300 units all told.

In addition, the accessory and parts industry will account for 65 displays, augmented by such educational features as the winning high school student safety posters and slogans in a contest conducted by Mayor Kelly's Keep Chicago Safe Committee; a trailer camp, and a diorama depicting the evolution of highway transportation during the past hundred years.

Show officials estimate that 500,000 will go through the gates during the eight day run of the \$1,500,000 spectacle. They make this prediction because of the kind of show being produced and the intense public interest in the 1938 models.

H. C. Gaare, Arlington Heights dealer states that Studebaker will have all makes of cars and trucks on display at the auto show. He urges all car drivers to take advantage of the splendid opportunity to compare the Studebaker with other models and "see for yourself."

### Classic Novel Reaches Screen In Technicolor

In response to the many requests to bring back this picture to the Arlington Theatre we are doing so Friday and Saturday, November 5 and 6.

"The Trail of the Lonesome Pine," one of America's best-loved stories, comes to the Arlington Theatre screen next Friday and Saturday in a spectacular Technicolor version starring Sylvia Sydney, Fred MacMurray and Henry Fonda.

Based on the novel by John Fox, Jr., "The Trail of the Lonesome Pine" is a tale of hill folk in the Cumberland Mountains, and the feuds that set family to fighting family—for causes long since forgotten. More than 90 per cent of the picture was filmed outdoors, at Big Bear Lake, California. Location scouts toured the Pacific Coast as far north as Oregon, seeking mountains and terrain closely resembling the original setting of the story, and finally locating the lake site.

### Cars Crash On Plum Grove Ave.

Two cars were badly smashed up in a crash on S. Plum Grove avenue Monday afternoon, when a Ford sedan driven by A. Newith, operator of a riding academy in Chicago crashed into another Ford sedan driven by P. G. Bracken of Palatine.

The pavement was slippery from the rain and Mr. Newith, driving north on Plum Grove avenue between Hellen road and Washington street seemed to lose control of his car which started to shoot across the road toward the west curb.

Mr. Bracken, driving south on the avenue, saw the other car heading for him and swung sharply to the right to try and avoid a smash up.

But the Newith car caught the Bracken car amidship and rolled it over onto the west curb.

Bracken was trapped in his car but Newith, after finally stopping his spinning car, rushed to Bracken's aid and pried open a door and helped to haul Bracken out.

Newith was arrested on a charge of reckless driving preferred by Bracken and was released on a \$75.00 cash bond for appearance before Judge Steinbrink on Nov. 10.

Newith said that he swung away from the east curb at about Hellen road to pass a car that was unloading some children and that because of the slippery condition of the pavement, his car somehow or other seemed to get out of control.

### County Clerk Flynn Makes Exhaustive Search For Flyer's Birth Record

Seeking to determine the birthplace of her husband in Chicago, Mrs. Fred J. Noonan, wife of the ill-fated flyer who was lost on the attempted round-the-world flight with Amelia Earhart recently wrote a letter to County Clerk Michael J. Flynn from Jackson, Mississippi where she is now residing.

"I am furnishing the information for most of my husband's biography," she wrote, "and while I know he was born in Chicago, April 4, 1893, we are anxious to get the street name and perhaps the number of the house where he was born and lived. His father was Joseph T. Noonan, and mother Kathleen Mary (Ewan) Noonan."

Mr. Flynn caused an exhaustive search to be made of the records in his Vital Statistics department and found that the Noonans had apparently neglected to record the birth of their son just as so many others had done prior to January 1, 1916, when the law did not require recording of birth.

Noonan, who tragically enough went on his last voyage for a "vacation" from routine flying assignments, was regarded as one of the nation's foremost professional fliers.

In 1908, when 15 years old, Fred left home and went to sea on a sailing vessel. In twenty-two years of ocean travel he remained "unlimited" as a seaman's mariner. During the World War he served in the Royal British Navy and was on ships which were torpedoed on three occasions.

After serving as an instructor in aerial navigation with various transport organizations, Noonan joined forces with Pan-American airlines in 1930. He was navigation officer on the first experimental flight of a Pan-American clipper from California to Manila.

William H. Thorp, a veteran C. & N. W. engineer died last Thursday at his home in Barrington. The funeral was held Sunday at the Baptist church with Rev. Drussel officiating. Deceased was one of the oldest engineers upon this division.

He leaves his wife and two sons, Elroy, of Barrington and Charles of Palatine, both of whom are also employed in railroad service.

### Lions Club Dance To Be Gala Affair

**Capacity Crowd Expected**

The fourth annual Fall Dance at the Northwest Hills Country club on next Saturday evening will undoubtedly be the most popular event of the 1937 season, judging from the festival dances of previous years and the special program arranged this year.

The orchestra which will play for the dance, Len Biggett's 6-piece orchestra and entertainers, is a very popular one that should put the crowd in the proper festive mood. They have been very enthusiastically received elsewhere and undoubtedly there will be many present at this Saturday's dance, who will take advantage of every opportunity to dance to the melody of Len Biggett's boys.

Arrangements have been made with the Country Club Manager, Mr. R. C. Smith, for the complete use of the club facilities, including refreshments and sandwiches. The clubroom facilities will be provided which will be adequate for a capacity crowd. Nothing has been overlooked, and everything has been provided that will assure an evening complete in every way.
